there was no demand for the commodity from the consumers. FPS No. 3101 did not remit the Demand Draft for the commodities mentioned on account of the demise of the father of the FPS holder.

Regular monitoring of supply and availability of PDS items through fair price shops is done by the UT Administration at various levels in consultation with the agencies involved. The Delhi State Civil Supplies Corporation is entrusted with the task of transporing the PDS items from the godowns of Food Corporation of India (FCI) at the door-steps of the fair price shops. Appropriate remedial/corrective action is taken by the UT Administration whenever there is some problem of transportation or labour, to ensure supply of PDS items to the fair price shops.

Allocation for Production of Uranium

*229. SHRI MURLIDHAR CHANDRAKANT BHANDARE:
SHRI RAJUBHAI A. PARMAR:

Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that an amount of Rs. 250 crores has been allocated for production of uranium during the 8th Five Year Plan, as against the estimated requirement of abut Rs. 500 crores; and

(b) if so, what would be its impact on the Nuclear Plan programmes and projects, contemplated under the 8th Plan?

THE MINISTER OF STATE IN THE MINISTRY OF SCIENCE AND TECHNOLOGY DEPARTMENT OF ELECTRONICS AND DEPARTMENT OF OCEAN DEVELOPMENT AND MINISTER OF STATE IN THE MINISTRY OF PARLIAMENTARY AFFAIRS (SHRI P. R. KUMARAMANGALAM): (a) The VIIIth Plan outlay of about Rs. 775 crores was proposed for Continuing and New Schemes of Uranium Corporation of India Limited (UCIL), which is a Public Sector Unit under the Department of Atomic Energy. The VIIIth Plan allocation has not yet been finalised.

(b) The production from the presently operating mines combined with what would be available from the projects under execution as well as those contemplated during the VIIIth Plan would ensure adequate uranium availability for the planned nuclear power programme of the next ten years. In addition, concerted efforts are continuing for exploration and identification of new sources of uranium for economic recovery.
